X3MA Zero 13

the small and light wheel for asphalt

X3MAZero 13 is the small light wheel dedicated to asphalt and suitable to historic cars of all kinds.

The flexible design of the hub allows to have **multiple applications on the same wheel** making it easily customizable and adaptable to many car models, including formula cars. The thin ribbed spokes continue until the outside edge ensuring **maximum impact resistance while maintaining an extremely low weight**.

X3MAZero 13 is a contemporary-style racing wheel that recalls the glorious rims of the past, being perfect for historic cars also.
