DAKARZERO

18"

Excellence for off-road

DakarZero 18 is the 18-inch version of the well-known Dakar line: a durable alloy wheel dedicated to **extreme off-road** use.

Compared to the smaller models, this new version features a style embellished by coupled spokes with reinforced shape. The technical specifications of the rim, on the other hand, remain unchanged, maintaining the lightness and **high load capacity (1400 kg per wheel)** of the previous versions.

DakarZero 18 is suitable both for racing teams and for enthusiasts looking for a reliable and aesthetically appealing product for their 4x4.
