MONTECARLOCORSE

For Lancia Delta enthusiasts

17"

MontecarloCorse is the rim dedicated to the nostalgics of the legendary **Lancia Delta**: a faithful reproduction of the original magnesium wheel, made of aluminum alloy.

The style is exactly like the one that consecrated the Lancia Delta Martini Racing in rallies all over the world. The design has been **studied to reduce the weight to the minimum**: 2 kg less than the alternatives on the market.

MontecarloCorse 17 is also available in applications for FIAT, Abarth and Renault and can be machined in many other versions.
