SANREMOZERO

17"

Perfect for circuit and rallycross

SanremoZero is the evolution of SanremoCorse, specifically designed for rallycross and circuit racing.

The design with twelve paired spokes falling towards the hub allows to have a **low offset** and protects the wheel during the “door to door” contacts typical of rallycross. The 8” and 8,5” rim contour is optimized for mounting professional racing tires and can host big brake calipers.

SanremoZero is available also in size **9x17”**, which gives the best performances in **circuit and track racing**.
