RallyZero is a wheel inspired by a rally classic, but revised and improved in the light of the most modern technologies and materials. We have used the same production technique of modern competition wheels: low pressure casting of aluminum alloy with 7% silicon, T6 heat treatment and steel mold **optimized to reduce weight and maximize strength.**

With a 10 kg weight, it has all the characteristics of a real racing rim, such as the steel inserts for bolts fixing or the reinforced edges for the flexural rigidity of the width. The large flat surface allows to apply stickers for subsequent customizations and accentuate the **racing aesthetic** of this rim.

AVAILABLE SIZES

SIZE	Min ET	Max ET	Min PCD	Max PCD	Weight (kg)
RALLYZERO 17"					
7 x 17"	0	40	98 x 4	120 x 5	From 9.9 to 10.5
8 x 17"	12	53	98 x 4	120 x 5	From 10.2 to 10.8
RALLYZERO 18"					
8 x 18"	19	50	98 x 4	120 x 5	From 11.3 to 11.9
